

miniCD ONBODY PRINTINGS REQUIREMENTS

Printing area

between diameters 22 and 76 mm or between diameters 35 and 76mm

Colours

CMYK
Pantone

Please note!
We do not print from RGB files

Fonts

min. size 4,5pkt (for counter font 6pkt)

File format

PDF (max. ver. 10) *(preferred)*
CDR (max ver. 12)
EPS, AI, PSD (max ver. CS3)

Please note!
Please convert all fonts into curves

Printing methods requirements

silkscreen (110 lpi)

max 4 colors (Pantone albo CMYK) + white base

offset (175lpi)

max. 5 colours (CMYK +1 Pantone) + white base

NOTE! The best quality of silkscreen overprint is obtained with 100% colour saturation, however because of limited possibilities of continuous-tone image, the saturation used should be in the range between 15% and 85%.
